LO: To consider the life choices we make

P

I can reflect on some important life choices I have made.

I can explain why I made the decisions I did.

I can consider why a choice might be selfish or unselfish

Key choice made by Ruth	Why she made this choice	Why was this choice important
To stay with Naomi after her husband passed away.	He was her 'redeemer'. She wanted to do good for him like he had done for her.	They needed to survive.
To find work and get food for herself and Naomi.	They had no one else to take care of them.	She sacrificed something for herself to care for somebody else.
To marry Boaz.	Naomi was her family now. She didn't want to leave her alone in her time of need.	Both Ruth and Naomi would be taken care of.
